Product Features

PROVEN BIOMECHANICS

The dual-pivoting arms accommodate different arm lengths allowing exercisers to comfortably perform each opening and closing movement while maintaining proper form. The gas-assisted ratcheting seat helps exercisers optimally position their arm height.

DESIGNED TO GO THE DISTANCE

The over-sized steel tubing of the Rear Delt / Pec Fly contributes to a more durable product while also giving the tallest of the Resolute line a timeless, contemporary silhouette. Sealed bearings in all pivot points and chrome-plated adjustment plates make for quiet operation for years to come.

FOCUSED ON THE EXPERIENCE

With intuitive, clearly marked adjustment points, the Resolute Rear Delt / Pec Fly allows exercisers to transition between the two exercises seamlessly on this single piece of equipment. The word-free instructional placard clearly highlights the two sets of muscles this single machine will work.
