

Versa Functional Trainer w/18" Storage

VS-VFT + VS-FTS18

The smart design of our functional trainer provides a remarkable range of exercise options in a space-saving footprint. Incremental weight adjustment and a 1:2 pulley ratio make it easy to control exercise intensity and create progressions right for everyone from deconditioned users to elite athletes. Everything about our functional trainer — from the multi-grip pull-up bar to the color-coded adjustment points to the professionally illustrated exercise placards — offers intuitive operation for users and trainers alike. Optional storage makes it easy to organize and stow accessories for instant access, and the completely enclosed design protects moving parts while creating a solid, cohesive aesthetic on your floor. A 46 cm / 18" connection provides storage for functional training accessories. Options include VS-VFT60 heavy stack for an additional 27.2 kg / 60 lbs. of resistance per side, VS-FTHP handle package with four training handles (v-bar, curl bar, ropes, ankle strap) and VS-FTIW 2.2-kg / 5-lb. incremental weight.
