

DARCO® BODY ARMOR™ WALKER II

An Excellent Product Offering Patients Consistent Compression

The BAT 2 does it all; engineered for orthopedic and sports medicine benefits. In addition to consistent compression, it also provides a custom insole system for pressure relief.

Special Features:

- Locking clips assure an exact fit, while slide channels hold straps in place
- Multi-density insoles maybe customized for off-loading ulcers, fractures and pressure points
- Rocker sole assists patient through gait pattern
- Soft, breathable built in liner
- Flexible upper with built in liner allows easy access
- High and low versions along with five sizes make for a wide fitting range.
