

Push[®] med Shoulder Brace Plus

Shoulder immobilization without neck/shoulder strain

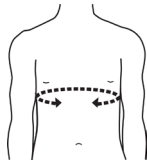

- Additional strap across the unaffected shoulder comfortably supports the hand and wrist, guaranteeing a stable position of the lower arm
- Adjustability of lower arm angle distributes arm weight comfortably across chest and shoulder straps, preventing blood flow constriction
- Is machine washable on gentle cycle at low temperature
- Creates soft, comfortable feel and wicks moisture through the Sympress[™] microfibers

Indications

- Collar bone (clavicle) fracture
- Shoulder dislocation / subluxation
- Shoulder instability
- Post-operative shoulder care
- Frozen shoulder (adhesive capsulitis)
- Shoulder fracture (proximal humerus)

Measuring / Sizing

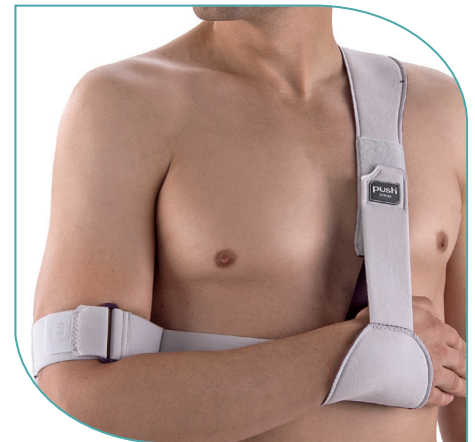

Measure around the upper chest as shown.

Please note that you should consult a trained professional for fitting and customization. BraceLab cannot accept brace returns that have been worn or altered.
